### Information on ownership and company name change

Dear Business Partner,

We value the relationship we have developed between us, and it is our pleasure to share the important information, that effective from December 29th, 2023, the company Trelleborg Bohemia, a.s. has changed ownership.

Investment group Kaprain has acquired Trelleborg Bohemia, a.s. from the Trelleborg Group. At the same time, the company name has changed from Trelleborg Bohemia, a.s. to **Gumokov, a.s.** Investment group Kaprain already has presence in the rubber and chemical industries, and this acquisition will only enhance their already active rubber portfolio.

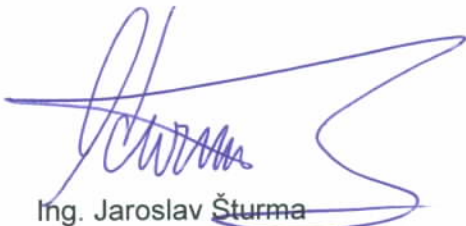

We understand that changes can sometimes raise questions and concerns, however, we would like to assure you that this change will have no negative impact on our ongoing relationship, and we will continue with "business as usual".

Please also note that our company identification and VAT numbers will remain unchanged.

We appreciate your trust and the continued partnership between us, and we believe that this change will only help to strengthen our business relationship. Please feel free to contact us for any further information or to discuss how we can further enhance our collaboration.

Thank you for your continued support, and we look forward to our future working together.

Yours sincerely

Ing. Jaroslav Šturma  
Vice-chairman of Board of Directors

Ing. Michal Korbel  
Member of Board of Directors
